Housing Crisis Grows Worse

By H. R. Hardy

OTTAWA—Canada's housing situation is getting worse. This was the admission made in the commons Monday by Hon. C. D. Howe, minister of reconstruction and supply, who stated that while the country's housing deficit in the spring of 1946 amounted to 150,000 units, by the spring of 1947, 192,000 deficit will have reached 180,000 units, or a worsening of the situation by about 20 percent. He said a "critical period" will occur late this fall, when people move back from summer residences.

In a statement comprising 27 closely-packed pages, which took three hours to present, Mr. Howe gave a complete if none too rosy picture of what lies ahead in the matter of housing.

However, the minister referred to the construction of approximately 50,000 units during the first year following V-E Day as "a creditable performance" by the house-building industry, and promised that everything possible would be done by the government to accelerate and facilitate the construction of more and still more homes to fill the dominion's growing needs.

The minister was presenting legislation which will bring the National Housing act of 1944 into line with present government policy. Among other changes the amendments will authorize a lengthening of the period within which a joint loan to home owners may be repaid, will authorize Central Mortgage and Housing Corporation to help the government to enter into agreements with builders who will undertake to build houses which will be offered first for sale to veterans and then to others, and will provide greater facility for the making of joint loans for construction on farms. The corporation also is authorized to issue district loans in outlying areas to borrowers engaged in mining or lumbering.

Here are some of the salient points of Mr. Howe's statement dealing with the complex picture of housing in its many aspects:

1. Immediate housing needs in 1944 were more than offset by increase in demand due to return of servicemen, arrival of war brides, continuation of high marriage rate, greatly increased personal incomes.
2. Immediate housing needs, estimated at 100,000 as of March, 1946, have increased to 180,000 units by the spring of 1947.
3. Canada must build 480,000 houses in the next five years to meet the demand. About 80,000 units should be built during 1947-48 and 100,000 in each of the following years.
4. Such a goal can be reached if a sound effort is made by industry, individuals and the government is made.
5. It will be necessary to "strain all available capacity" to provide adequate building materials. Extra costs may be involved in obtaining materials and in obtaining labor.
6. The need for housing is so great it is desirable that industrial projects should be limited to those which are urgent from the point of view of national defense.
7. The government intends to continue its policy of leaving it up to the private industry to determine the essentiality of new construction and the distribution of materials in building based on purchases during the base period.
8. At present, priorities are assisting in the construction of some 15,000 houses. The government estimates that 20,000 housing units, or about one-third of the housing expected, will be assisted by government priorities. In every instance, aid is available only if the project is of national importance or is of such importance for housing which is to be rented to veterans.
9. Slum clearance is considered to be inopportune at the present time. Rebuilding is being encouraged to permit the government to control the construction and to ensure that the government cannot afford to permit the destruction of the old slums.
10. Mr. Howe referred to an order-in-council which provided for municipal control of non-essential or industrial construction and said several municipalities had alleged the government had tried to evade this order, according to the Canadian Press.
11. He assured honorable members that there was no intention of evading the issue, he said. "Rather, it was looked upon as a logical approach to a complex housing problem."
12. He said that the government was better positioned to determine the essentiality of new construction in the future.
13. Of labor he said a survey showed that the government's program of 50,000 units resulted in employment for the full year of 143,000 men. This figure would be increased by 20 percent for each additional 10,000 units constructed.
14. He spoke of more than 9,000 unfilled vacancies in the housing field and said bricklayers, masons, carpenters and plumbers were in special demand.
15. He also referred to criticism leveled that some of the emergency housing developments were potential slums and that they were not being properly supervised.
16. He gave every assurance that these buildings will be removed when the emergency ceases and we will take every step to see that they are not allowed to deteriorate into slum areas.
17. He spoke of the possibility of a housing shortage in the fall and said that the emergency shelter organization would have to continue operating in 1947.
18. He said he would be glad to give every assurance that these buildings will be removed when the emergency ceases and we will take every step to see that they are not allowed to deteriorate into slum areas.
19. He spoke of the possibility of a housing shortage in the fall and said that the emergency shelter organization would have to continue operating in 1947.
20. He said he would be glad to give every assurance that these buildings will be removed when the emergency ceases and we will take every step to see that they are not allowed to deteriorate into slum areas.

Cut Down Bodies Of Slain Leaders

LA PAZ, Bolivia. (AP)—At the insistence of a woman civic leader, the bodies of President Villarroel and three of his lieutenants were cut down from lampposts during the night and taken to a morgue to await burial "as Christians."

The bodies had been hanging for more than 74 hours in front of the presidential palace in Cochabamba, viewed by thousands. Villarroel and his aides were killed Sunday at the conclusion of a four-day revolution which resulted in 2,000 casualties.

Maria Teresa Solari, chairman of the women's civic union, demanded that the bodies be removed from the fact that she had opposed Villarroel's "strong man" regime since 1934.

Meanwhile, the new civilian government moved swiftly to round up the remnants of Villarroel's supporters, and jailed a number of military leaders and members of the secret police.

Leaders of the new government have been ousted without bloodshed by revolutionaries in Cochabamba, Santa Cruz and Oruro, and that new officials were being elected.

In a dispatch to the United Press, said the Oruro radio announced that Indian miners in the vicinity had staged an uprising and were marching toward Oruro. The radio also stated that miners at Potosi went on strike in protest against the "cruel death" of Villarroel, who had been thrown from the balcony of his palace to an angry mob below.

Most stores had reopened and were repented, and civilian troops appearing as on the decrease. Crowds which broke into the streets and were ranking army officers were told by revolutionary leaders not to touch anything and to go to the auction of all furniture to buy coffins.

More than \$1,000,000 has been contributed to the Red Cross by Canada's conscientious objectors who were allowed to work outside government camps if they made monthly contributions to the Red Cross.

The bulk of the men did this, but just fell, and the record, only 200 were confined to camps. The remainder were working in farms, roads and doing other useful work.

Conscientious objectors were required of army duty if they made some contribution to the national interest. The government insisted always that the best contribution that could be made was doing useful work.

"We are proud of the work they have done," said Mr. MacNab, deputy minister of labor. "The contribution in work and money made by the men has been a big one."

The objectors will again have full status as Canadian citizens in that they will be able to choose their own careers and to make their own contributions to the Red Cross.

By H. R. Hardy

OTTAWA—Canada's 2,200 conscientious objectors who have been working under the direction and control of the government, are now ordinary citizens Aug. 15, Hon. Humphrey Mitchell, minister of labor, announced in the commons Tuesday.

More than \$1,000,000 has been contributed to the Red Cross by Canada's conscientious objectors who were allowed to work outside government camps if they made monthly contributions to the Red Cross.

The bulk of the men did this, but just fell, and the record, only 200 were confined to camps. The remainder were working in farms, roads and doing other useful work.

Terrorist Gang Admits Attack

JERUSALEM, (CP)—A Jewish spokesman announced Tuesday the detention of 25 Jews in connection with the terrorist bombing Monday of the British headquarters in the King David hotel which left 94 persons dead or missing.

The total of known dead mounted to 48.

Military rescue crews who toiled in the debris of the hotel, the seat of British army headquarters and the secretariat of the Palestine government, reported that 48 bodies had been recovered. Forty-six persons were unaccounted for.

The police spokesman said that, although most of the party which planted milk cans of explosives were Arab dress, all the evidence indicated they were young Jews. Eye-witnesses said that several British soldiers were killed and a search was "going on right now in the old city of Jerusalem."

In the Jewish slum district of Montefiore all males were removed by troops and police for an identity check.

One Jew dead from bullet wounds and another man who was wounded were found inside the walled old city of Jerusalem Tuesday.

The Palestine government said the missing included 12 senior British officers of the government secretariat.

The blast, which ripped through the secretariat and the headquarters of the British army, destroyed 25 rooms on five floors and tore off a whole corner of the massive hotel.

When the body of a member of the British Army Women's Auxiliary was brought to the British soldiers were heard to say: "There'll be hell to pay about our girls."

A high British officer, who said that his name was "wrecked," said that the wreckage of the Jewish attack was "wrecked."

According to reports reaching Jerusalem the Jewish population around the Holy Land was "wrecked" Monday night. Most Jews were highly indignant concerning the attack.

"This is no attack on the British, but on the Jewish people," said Dr. Chaim Weizmann, president of the Jewish Agency.

Another Jewish source termed the attack "an attempt to discredit the British government in the eyes of the British and trying to prove they can get a Jewish state by force."

A current rumor that the most stringent in Jerusalem's modern history was imposed on the Holy City Monday night by British authorities.

The announcement of Miss Munroe's appointment was made in the Commons Tuesday night by Welfare Minister Claxton.

Daughter of Dr. A. R. Munroe, prominent Edmonton surgeon, and Mrs. Munroe, 1916 104 ave., Miss Munroe graduated from the University of Alberta in arts in 1935. She was born and educated here.

Montreal School of Social Work and after a year with the women's division of the Canadian Red Cross in London, she returned to Alberta and was in Calgary and Edmonton with the mental hygiene clinic of the Alberta department of public health.

Dr. Elliott was selected as the only Alberta representative to go to England with a group of Canadian miners who walked off among British evacuated children under auspices of the British Children's Welfare Society, kindred interest by the British ministry of health.

Now at home, Miss Munroe will take up her new duties with the federal government at once.

Miss Munroe is a niece of Miss Fanny Munroe, former supervisor of nurses at the Royal Alexandra hospital here.

Dr. Elliott, who has written many articles on economics and is on the board of editors of the Canadian Journal of Economics and Statistics. He also has served in an advisory capacity to economic bureaus.

In 1944 he was named a member of the Royal Canadian Mounted Police to investigate the taxation of oil operations in Canada, and also during the war was advisor to the price board.

Prof. Elliott's new position will give him more chance to specialize than he has had here, it was said.

Attended Oxford

Dr. Argue graduated from the University of Toronto in 1935, and after a year with the women's division of the Canadian Red Cross in London, she returned to Alberta and was in Calgary and Edmonton with the mental hygiene clinic of the Alberta department of public health.

Communist Tide in France Has Reached High, Now Ebbs

By Paul Gault

PARIS. (CPN)—The Communist tide in France has reached its high-water mark, and now is on the ebb. The opinion of many well-versed observers here.

The Third International, they insist, has lost the chance of transforming this country into the advanced bastion of Communism in the West.

The waning Red influence in France was clearly indicated this week by the unsuccessful efforts of the Communist party to bar both Edgar Delandier and Paul Reynaud from the assembly, as well as by the equally unsuccessful attempt on the part of that group to transform workers' demands for a 25 percent increase in wages into a springboard for political agitation.

Neither of the former premiers is particularly popular in France. Nevertheless, when the Communists demand that they be barred, the political status of their party became obvious.

Given Opportunity
Recent debates in the assembly have given anti-Communist their long desired opportunity to recall and publicize the equivocal attitude of the Communist party in France at the time of the German-Russian pact, as well as the strange departure to Russia, through Germany, of the Communist party leader, Maurice Thorez.

Opponents of the Communists in the French constituent assembly felt long the opportunity to recall and publicize the equivocal attitude of the Communist party in France at the time of the German-Russian pact, as well as the strange departure to Russia, through Germany, of the Communist party leader, Maurice Thorez.

Foret Heroes
The remarkable record by the Communists during the resistance period in France today, as in all liberated countries, however, resistance is entering the glorious book of history. While its heroes are experiencing the fate of all heroes when dangers are over.

The reaction against capitalism and the Communists during the resistance period in France today, as in all liberated countries, however, resistance is entering the glorious book of history. While its heroes are experiencing the fate of all heroes when dangers are over.

U.N. Will Publish Weekly Periodical

NEW YORK (AP)—The United Nations department of public information has announced that the United Nations weekly bulletin, first periodical to be issued by the U.N., will begin publication Aug. 1.

The announcement said the publication will provide an objective review of United Nations developments together with factual background information.

The publication will be issued every Thursday.

Study Possibility Further Charges

OTTAWA, (CP)—Justice Minister St. Laurent told the commons Monday law officers of the crown are studying the final report of the royal commission on espionage as it deals with D. David Shugar and Miss Agatha Chapman, of Ottawa.

He said the officers have not yet reported to the government upon the result of their study.

The minister was replying to John Bracken, Progressive Conservative, who asked what action the government intended to take as a result of the commission's final report of information.

Mr. St. Laurent said the law officers had recommended charges be placed against five of the seven persons named in the report. They were from which arrests were made the other two—Dr. Shugar and Miss Chapman.

Although Dr. Shugar had been discharged from magistrate's court on a conspiracy charge for espionage, the commission's report recommended that he be charged with espionage. Dr. Shugar, Polish-born, former anti-submarine expert, had communicated confidential information to Russia.

high finance, which France experienced in common with other liberated, and even victorious, countries. This reaction is not yet exhausted, but here are signs that it is not as virulent and unreasonable as it was two years ago.

The identification of the Communists with the most violent form of French nationalism in all questions of foreign politics. The French Communists were distinguished by their Soviet foreign minister Molotov, who said that the foreign minister's council here in favor of German Communists by supporting the thesis of German unity.

Fixes Headlights, Is Fatally Injured

WINKLER, MAN. (CP)—Jacob Giesbrecht, 48 died Saturday after being injured in an automobile accident. He was the second victim of the headlight traffic accidents near Winkler.

Giesbrecht was injured when the rear of his car was struck by another vehicle while he was at the pump repairing the lights. First Accident victim was Cornelius Neufeld, 16, who was fatally injured when the jeep in which he was a passenger overturned.

PROCLAIM CITIZEN BILL

OTTAWA, (CP)—A proclamation bringing the Canadian Citizenship Act, aimed at clarifying Canadian citizenship and nationality, next Jan. 1 was published Sunday in the Canada Gazette.

CARGO LIVER LEAVES

MONTREAL, (Beaver)—Canadian intercontinental 10,000-ton cargo ship, left here Saturday for London, with a cargo of 4,000 tons of food, medicine, and other primary products, exceeding 9,600 tons.

Middle-Aged Man Pays the Piper

It happens so often! The man has turned his back in the heat of confusion and pressed with fate. Then, suddenly, he begins to feel the penalty of over-indulgence in rich, fatty food and lack of exercise.

His slackness often leads to "middle-aged" men's problems. They tire all the time—half-sick, half-well, because he allows too much rich, fatty food and lack of exercise to overtake him.

It is putting its marks on his body. A leading British remedy for keeping him in trim—Bile Beans—vegetable Bile Beans—come up the system. The morning the liver. The last-coming liver pills in Great Britain, like Bile Beans, are the only "liver" pills that do not clog the liver. To keep Bile Beans safe, use the rule to follow a "Bile Beans" at bedtime. Troops Try Quell Trieste Riots

EDMONTON, (CP)—The government is attempting to quell the riots in Trieste, Italy, which have been described as a "wildcat" of the country which other countries are required to observe, and should administer law without discrimination.

General Lantini, president of the North-West Line Elevators association, informed the Minister J. L. Lisle, in a letter Monday.

Contending the government has "not far from 1960 Mr. Lantini says that auditors employed by his association estimate that the pool's income and excess profits liability to the government amounts to \$23,316,572 as of July 31, 1945 and that under the government's proposed settlement this past Monday would be cut in half.

Such a settlement, he maintained would be a grossly unfair advantage to the competitors of the pools who have met their full liability to the government.

"It is certainly unjust to every other taxpayer in Canada to propose such a settlement," Lantini said. "The government is asking the taxpayers to pay for the pool's income and excess profits liability to the government amounts to \$23,316,572 as of July 31, 1945 and that under the government's proposed settlement this past Monday would be cut in half.

Such a settlement, he maintained would be a grossly unfair advantage to the competitors of the pools who have met their full liability to the government.

Latin-American Countries Want U.S. to Keep Hands Off

RIO DE JANEIRO, (CPN)—For at least the fourth time, the Latin-American countries are preparing to meet in the hemisphere of "essential human rights" through collective intervention.

Warlike idealism was still in flower. The slogans of war were still fresh in the memories of the people, and war when Francisco Franco, Foreign Minister Eduardo Rodriguez Larraza, had proposed for maintaining collective security for Latin-America.

But, a lot has happened in the last year. The war is fading into the background and slogans are being forgotten. The flurry over Larraza's proposal has died down.

The governing board of the pan-American union, made up of representatives of all American republics, has approved a "declaration of rights and duties of the American states." The declaration will be acted upon at the ninth hemisphere conference next year in Bogota, Columbia.

Latin-America, there is hardly a country that has not had one form of dictatorship or another in the past 100 years. The majority of the countries see such things as inevitable, and want no one else interfering in their internal affairs.

The declaration, in present form, states that "intervention by any one or more states directly or indirectly, and for whatever reason, in the internal affairs of another state is inadmissible."

Then the Japanese actually had suppressed French-ruled States. Liberator France now is the only country which has not made of maintained peace with China. The French have rebuffed Japanese offers to end their "technical state of war" and the French colonial administration at Saigon has made it clear, the Japanese say, that peace will be made only after the territories are handed back to Laos and Cambodia.

Warrant Issued For Freda Linton

MONTREAL, (CP)—A warrant has been issued for the arrest of Freda Linton of Montreal on charges arising from the investigation of alleged Soviet spy activities in Canada. P. P. announced the warrant with a violation of the official secrets act.

The warrant charges Miss Linton, who disappeared soon after first publication of the investigation, with a violation of the official secrets act.

A full report a week ago the royal commission on espionage listed Miss Linton as the alleged publisher of a "red" journal, which agents were recruited or a medium for the communication of the information in the espionage net.

Coalition Power Urged for China

SHANGHAI, (AP)—Madame Sun Yat-sen, widow of the founder of the Chinese republic and sister-in-law of its present leader, Chiang Kai-shek, said Monday in a rare interview that a "red" journal, which agents were recruited or a medium for the communication of the information in the espionage net.

Madame Sun said Kuomintang reactionaries were fostering a civil war they can't win "because they have civil coalition China will be headed by her brother-in-law and to appeal to the United States to support the Kuomintang by cutting off all military supplies to China."

Panel 3: "ALLERBY? WELL, I'D DECLINE! WITH SOME PEOPLE, IT'S FURS, STRAW-BERRIES AND STUFF WITH ME IT'S HORSES!"
Panel 4: "WELL, SONNY ROY! AM I GOT OTHA' PLANS FOR YOU—GOOD DAY, SUH!"

Lions Club Plan Annual Carnival

Third annual carnival of the Edmonton Lions Club will be held on 102 street, just north of Jasper avenue from July 29 to Aug. 3. Chairman of the carnival committee is Douglas R. Thomson.

Special musical entertainment is planned for the evenings, and many unusual carnival games will be featured.

As in past years, proceeds will be used to further club activities, in assisting with the upkeep of the Sunset Cottages, homes for Edmonton old folk.

In the past month the Lion's Club has contributed \$2,500 to the British Child War Victims Fund as well as considerable sums to the Colonel Mewburn Pavilion.

Plan to Build New Athens Hospital

From money raised in North America work will be commenced next year on a \$2,000,000 hospital in Athens, Greece, through efforts now being made by the Greek fraternal order, Ahepa, it was learned Tuesday from James Anton, lieutenant-governor of the Royal Canadian District No. 24, who has just returned to Edmonton after attending the order's 14th Convention in Regina.

THE HOSPITAL'S services will be available to destitute persons regardless of race or nationality. Mr. Anton said, adding that from information received through the agencies of the Ahepa order, the destitution, sickness, and general living conditions in Greece were "appalling."

He said the need for qualified medical practitioners in Greece was exceedingly great, and the same applied for trained personnel in the teaching professions. Toward this end a committee of the federal government was at present conferring with Tim Bass, deputy supreme governor of Ahepa in Canada with a view to underwriting costs of transportation and university courses of adaptable Greek students on the basis of the Ahepa order paying \$1,000 per student per year for accommodation and living expenses.

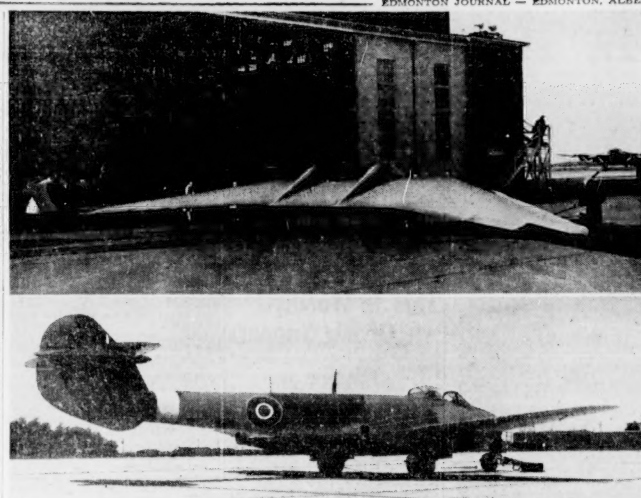

STUDENTS FROM Greece would be required in accepting the scheme to return to their home-land on completion of their courses, Mr. Anton said. He Anton said that by an arrangement with the government any person may contribute for this purpose to the Ahepa fund and that the contribution would be exempted from income tax.

The order has increased the value of its high school and university scholarships in Canada. These scholarships are obtainable by competition for all students who take the Greek language in their courses, Mr. Anton stated.

Edmonton scholarships in high schools are \$50 and for the university, \$100, he said.

MR. ANTON SAID Greece "is extremely grateful for the magnificent assistance Canada is helping to give in the rehabilitation of the war-ravaged country."

He said most of the building materials for the new hospital were available in Greece, and that the \$2,000,000 currently being raised would be used for furniture, linen, dietary, medical and surgical supplies, which at present were almost non-existent. A Lehighville merchant has contributed \$3,000 in furniture, he said.

RCAP Photos
WILL BE SEEN AT AIR SHOW: Two of the aircraft to be used in the air display at North West Air Command on Friday and Saturday, July 26 and 27, are pictured above, the National Research Council's Flying Wing, and the Gloster jet-propelled Meteor. These are two of the many planes, including twelve operational types, which are to be displayed at the biggest air show ever to be held in Edmonton. The "Wing" is to be on display at all times during the show. The Meteor will be put through its paces by Sqdn. Ldr. E.L. Baudoux, DSO, DFC, top ranking test pilot of the RCAF.

Man is Killed By Falling Tree

ROCKY MOUNTAIN HOUSE, Alta., July 23 — William Surratt, 52, of Bentley, Alta., died in hospital here Monday morning from injuries received Sunday afternoon when a falling tree struck him. With his wife and family, Mr. Surratt drove to Rocky Sunday and the family was picnicking at the river, half a mile from town.

A 30-MILE-A-HOUR wind was blowing and blew a large pine tree over. Seeing the tree falling they all ran, but Mr. Surratt was not able to escape. The tree struck him across the back. A. Chabourn of Rocky was at the river with his truck and with the help of members of the party, they took the injured man to the hospital where he was attended by Dr. V. Laing. Death was caused by internal injuries. The funeral will be held at Bentley.

Canada Dry Stock Shares Increased

Stockholders of Canada Dry Ginger Ale, Incorporated, at a special meeting July 17 voted approval of a proposal to increase the authorized common stock from one million to three million shares, and to split the outstanding shares on a three-for-one basis. The action will create a wider market for the company's shares, thus promoting consumer good will. R. W. Moore, president, told the meeting, which was held at the corporation office, 1 Exchange Place, Jersey City.

Bunny on a Sunsuit

BY ALICE BROOKS
What magic a bit of embroidery works on a sunsuit! Taken less than a yard of material to make... plus a little piece for bunny.
Sews easy, too! Pattern 7139 has

transfer pattern of one bib; pattern pieces for sizes 1, 2, 3, 4 (all in one pattern); directions.

Send TWENTY CENTS in coins for this pattern (stamps cannot be accepted) to The Edmonton Bulletin, Household Arts Dept., 60 Front Street, W., Toronto, E-4, Ont.

Print plainly NAME, ADDRESS, PATTERN NUMBER.

Please allow a week or ten days for delivery.

Boy Drowns

An 11-year-old boy, Charles Osborne, of the Edson district, was drowned Sunday in the Edson river while swimming with a group of boys, according to an RCMP report here. The body has not yet been recovered.

Mercury Dips Low In Freak Weather

Freak weather appears to be persisting in Edmonton. Following on the heels of Sunday's violent wind storm, temperature over Monday night sank down to one of the lowest experienced in July since 1922. Although no frost was felt in the city, the mercury hit a low of 33 degrees, and in Whitecourt, five degrees of frost was recorded. Vermilion showed a low of 31 degrees. Ardrossan reported a light frost.

EDMONTON'S 33 DEGREES, which was recorded at 4:30 Tuesday morning, was surpassed on July 1 1919, when 31 degrees was noted and on July 24, 1918, and July 24, 1922 when the temperature went down to 29.

The Tuesday morning low is the 4th lowest to be recorded in this city in 32 years.

FROM NOON on Sunday, when the mercury registered a year-high temperature of 88 until 4:30 a.m. Tuesday, the temperature has shown an almost unbelievable drop

News Reel to Show Beauty of Highway

Scenic wonders of the Alaska Highway will be filmed for wide-spread news reel distribution by the National Film Board under the direction of Hamilton Wright Jr., news director for the National Film Board, who arrived in Edmonton Tuesday with a veteran crew of cameramen.

INTERVIEWED at the Macdonald hotel, Mr. Wright said he is now doing a series of newsreels and documentaries publicizing Canada's post-war industrial scene for the National Film Board.

World-famed cameramen with the Hamilton Wright crew include Joseph Gibson, Miami, Jack Long and Norman Quirk.

The party will fly to Whitehorse in a RCAF plane.

THE UKRAINIAN festival being held in Edmonton this week and in other cities is being filmed by the National Film Board crew while they are here.

Surveys reveal that 95,000,000 moviegoers in America and other parts of the world see the films made by Wright and his crew that are distributed through Universal News Reels, Fox Movietone, RKO Pathé, MGM, and the Day and Paramount, the National Film Board representative stated.

MR. WRIGHT said his crew has just returned from an exciting assignment in the Bugabo Mountains at Spillimachee, near Golden, B.C.

There news reels were made of the first post-war meet of the 41st camp of the Canadian Alpine Club.

Mr. Wright said that the greatest mountain climbers in the world participated in the meet, several of whom had taken part in Mount Everest ascents.

"It was one of the hardest jobs our crews have ever carried out," Mr. Wright said.

There were 200 pounds of camera equipment to pack up the steep slopes.

THE VETERAN CAMERAMEN Jos Gibson slipped and fell 700 feet down the side of a glacier but escaped with a few bruises.

The last assignment of the crew was also highly interesting. It was in the wilds of the Amazon jungles of South America where first pictures were made of the mysterious Choco Indians, "the wildest tribe in the world."

"Despite advance notices we found them the friendliest people we ever met," Mr. Wright said. The Indians paint their faces black, have Dutch-boy haircuts and wear no clothes except for loincloths. They are richly ornamented in gold and silver, the source of which they will not disclose. Civilized people are bewildered when they enter their villages so they will not find their way back later," Mr. Wright stated.

THE INDIANS GATHER wild bananas from long dugouts in the swampy jungles.

It was a hard expedition on the cameramen, who were all in before the job was done.

One of the boys, dressed up in a scheduled shot of the Indians being forgot about his work on an overhanging branch."

D. E. C. Campbell, provincial secretary, said that the film, "The Indians," is a masterpiece of cinematography, special Canadian commission for northwest projects, are co-operating in the highway scenes.

Seek to Relieve Housing Shortage

The housing situation in Alberta is not less serious than in any other province in Canada but the provincial government is continuing a determined effort to relieve the present shortage by every feasible means, according to L. D. Byrne, deputy minister of economic affairs, in a comment Tuesday on the statement made by Hon. C. D. Howe, federal minister of reconstruction.

MR. BYRNE said that the federal government assumes responsibility for working out the problem while the province strives to aid in the solution by clearing bottlenecks in the distribution of building materials wherever they appear to concentrate, and also of providing in every possible instance the government's chief headache at the present time, said Mr. Byrne, and wiring for house lighting purposes is also in short supply.

AS SOON AS ANY shortage of material is discovered, everything possible is done to find available supplies, continued Mr. Byrne, with first consideration being given to veterans' homes.

Mr. Howe in his statement Monday to the House of Commons said immediate requirements were for the construction of 180,000 houses in Canada. What share of this number might be allocated to Alberta was not known at present, officials said.

Man's use of the homing pigeon goes back to before the Christian era.

Marooned on Lake 5 City Men Saved

Five Edmonton men were brought into safety at Alberta Beach, Monday after being marooned for 16 hours, in a flat-bottomed row-boat, on Rock Island.

Men, Steve Kowalewski, 1034 36 street; Walter Kuziw, 9535 106 avenue; Steve Warkink, 9545 106A avenue; Thomas Fred Cavill, 4152 132 avenue and Russell Hubbard, 11025 95 street, had rented the boat from W. Gilhouse, a resident of Alberta Beach, and were caught in the middle of the lake, when the wind storm came up.

WHEN SEVERAL hours had elapsed and the men had not returned, Mr. Gilhouse signalled with his automobile headlights and the signal was answered with a makeshift flare of gas-soaked weeds set alight at the end of an oar.

Rescue parties, were then organized by Police Chief William Brown, and the men were brought into safety by means of two boats operated by Henry Birtleson, Daniel Klunkhame, Stanley Ginzburg, James Ben Bender and Pete Polier.

They were brought to the Alberta Beach, where they received treatment for mild exposure, from a registered nurse, Mrs. Hutchins.

POLICE CHIEF BROWN, described the storm as the worst ever seen at Alberta Beach. Early Monday afternoon, the waves were still described as being several feet high.

Army-Air Force Seeking Airmen

Leaving the Alaska Highway at a point about 100 miles northwest of Fort Nelson the army-air force rescue party, which will search the area for the missing flier, is now heading into a bush and muskeg country to the north.

It was Tuesday night, when the Tuesday no word had been received here concerning the army search.

The 11 soldiers of the Princess Patricia's Canadian Light Infantry and two members of the RCAF para-rescue squad are being guided in their search by L. Larsen, who has been in the area.

Following the herd of Tood River to the north of Lake Mounsey, the party will search for the flier in the hope that Barber may have taken refuge in one of them.

The PPCLI party during the search will be supplied with rations from the post, but the men of "walkie-talkie" sets will be able to maintain communications with searching aircraft. It is expected that the trail party will take three or four days to reach the location of the stranded aircraft. If no sign of Barber is found in the mosquito-ridden lower trail area the rescue party may attempt its return by a more direct route across mountainous country.

U. S. Band Plans Early Visit Here

Plans for an early visit to Edmonton of a 70-piece band from Washington High School, Sioux Falls, South Dakota, in June of next year, were given to the bandmaster Arthur R. Thompson, during a visit in the city Monday.

Mr. Thompson hopes to get the sponsorship of some Edmonton club or organization, and make arrangements for the band to make several public appearances in the city.

He plans a tour of larger cities in both Western Canada and the Western States.

Haystack Burned

A haystack, believed to have been set on fire by a youth, was completely destroyed Monday afternoon on the premises of Mrs. A. Ferguson, 12734 82 street.

The woman stated that she saw a youth leaving the haystack just prior to its bursting into flame. Two rips number seven fire hauls responded but the high wind caused the stack to be burned down at a fast rate. It was valued at \$85.

Chinese Generalissimo Chiang Kai-Shek received his military training in Japan.

ARE YOU IN THE Sports Parade?

OR MERELY A BYSTANDER because of—

While others are enjoying the thrills of outdoor sports and pleasures, are you merely an unhappy onlooker because of ugly pox lesions?

If so—may SIROIL! It may alter the picture for you as it has for thousands of others. SIROIL tends to remove the crusts and scales of pox lesions which are external in character and located on the outer layer of the skin.

If or when your pox lesions recur, light applications of SIROIL will help keep them under control. Applied externally SIROIL does not stain clothing or bed linens, nor does it interfere in any way with your daily routine. Try it! Certainly it's worth a trial, particularly since it's offered to you on a two-weeks' satisfaction-or-money-refunded basis.

SIROIL AT ALL DRUG STORES

GROWS FINEST ROSE: Judged as having grown the finest rose entered in the Capitol Theatre Rose Show, C.H. Whitham (right) is pictured as he receives the top prize. The Edmonton Bulletin cup, from Walter P. Wilson, manager of the Capitol theatre. Judging took place in the lobby of the theatre, Monday afternoon. Roses will remain on display all day Tuesday. This was the 14th annual rose show to be held by the Capitol theatre, in conjunction with Pike and Co. Seed Store.

Annual Rose Show Honors Taken by C. H. Whitham

C. H. Whitham, 1121 125 street, is this year's winner of The Edmonton Bulletin Trophy. He was judged to have grown the finest rose entered in the Capitol theatre rose show.

MR. WHITHAM'S prize winning rose is a tall-blown yellow, named Anna Hill species. In addition to the top award, Mr. Whitham captured honor with two other entries in various classes, one first and a third.

This was the 14th annual rose show to be held in Edmonton under the sponsorship of the Capitol theatre and Pike and Co. seed store. About 150 entries were judged by Ernest J. Stowe, well known Edmonton horticulturist and head gardener for the provincial government.

Mr. Stowe has acted as judge in every rose competition held in this city.

A BUILDER and contractor, by trade, Mr. Whitham is an enthusiastic gardener. He has been growing roses for the past eight or nine years, but this is the first time one of his blooms has been entered in a competition. Bush from which the winning rose was picked was planted in 1945. Mr. Whitham stated his secret in growing hardy roses is that he keeps them covered with earth and dried leaves. All spare time from his office, is spent in his garden.

Complete prize list was as follows:

NOVICE CLASSES

1. Collection of 3 rose blooms, any color: C. H. Whitham, 1121 125 street; Mrs. L. Lang, 1103-125 street; Mrs. L. H. Reilly, 9536 115 street.

2. One Rose Bloom, red or pink: Mrs. Hardisty, 9606 115 street; T. Williamson, 1114-125 street; C. H. Whitham, 1121 125 street.

3. One Rose Bloom, white or cream: T. Williamson, 1114-125 street; W. A. Polley, 11312 71 street; W. Camilli, 11039-82 avenue.

4. One Rose Bloom, any other color: Mrs. W. G. Falls, R.R. 4, Edmonton; W. Camilli, 11039-82 avenue; T. Williamson, 1114-125 street.

OPEN CLASSES

1. Collection of six rose blooms, any color: G. G. Wilson, 11629-97 street; D. J. H. Billingsley, 11137-67 street; T. Williamson, 1114-125 street.

2. Collection of three rose blooms, any color: Mrs. A. Bartlett, 10603-80 avenue; Mrs. J. H. Billingsley, 11137-67 street; Mrs. J. A. McAfee, 11130-92 street.

3. One Rose Bloom, white or cream: G. G. Wilson, 11629-97 street; John Crawford, 10026-83 street; R. D. Holland, 11014-97 street.

4. One Rose Bloom, pink or rose: J. H. Billingsley, 11137-67 street; G. G. Wilson, 11629-97 street; Mrs. A. Bartlett, 10603-80 avenue.

5. One Rose Bloom, red or crimson: C. H. Whitham, 1121 125 street.

6. One Rose Bloom, any other color or shade: Mrs. J. H. Billingsley, 11137-67 street; John Crawford, 10026-83 street; Mrs. A. Bartlett, 10603-80 avenue.

7. One Rose Bloom, white or cream: T. Williamson, 1114-125 street; W. A. Polley, 11312 71 street; W. Camilli, 11039-82 avenue.

8. One Rose Bloom, any other color: Mrs. W. G. Falls, R.R. 4, Edmonton; W. Camilli, 11039-82 avenue; T. Williamson, 1114-125 street.

9. One Rose Bloom, red or pink: Mrs. Hardisty, 9606 115 street; T. Williamson, 1114-125 street; C. H. Whitham, 1121 125 street.

10. One Rose Bloom, white or cream: T. Williamson, 1114-125 street; W. A. Polley, 11312 71 street; W. Camilli, 11039-82 avenue.

11. One Rose Bloom, any other color: Mrs. W. G. Falls, R.R. 4, Edmonton; W. Camilli, 11039-82 avenue; T. Williamson, 1114-125 street.

Jesuit College Hut Damaged

Wanton damage has been done to one of the huts in the group comprising the military hospital at Jesuit college, according to a report from Dr. H. Meltzer in charge of the hospital.

Damage was done to the recreation hut during the week-end and it was at first believed to be the work of juveniles but further evidence places the suspicion on adults.

WHEN CHECKING police found beer bottles in the premises and there was also evidence that keys, lights broken and holes stabbed in the walls with ballpoint pens. A resident of Jesuit College also reports that a number of articles including a sanding machine, ballpoint hammer and other articles were stolen from his premises during the same week-end.

They are carrying out an investigation.

City Youngster Fatally Burned

Gary Chambers, 7-year-old son of Mr. and Mrs. Kenneth Chambers, suite C, Raymond hotel, Monday following burns received while playing with a playmate at the rear of a farm machine agency on the corner of 81 street and 103 avenue on Sunday.

WHEN INTERVIEWED by police the father of the boy stated that shortly after 5 p.m. Sunday, his son came running and screaming from the east side of the Raymond hotel with his clothes on fire. Mr. Chambers took a blanket ran to the rear of the farm machine agency on his clothes and body and sent him to the University hospital in a tax. Late Sunday night the young boy died in hospital.

Joseph Nider, eight, of the Douglas block, stated that he was playing with Gary Chambers at the rear of the farm machine agency where they found an open can of gasoline beside a tractor. He further reported to police that he emptied some of the gasoline on the ground and threw a match on it, the gas burst into flames, ignited the can of gas which in turn exploded and shot flames over himself and the Chamber's boy.

JOSEPH ROLLED in the grass and extinguished the flames on his clothes, and called to Gary to do the same, but the other boy ran toward the tractor with his clothes burning fiercely.

Howard and McBride funeral home took charge of the funeral arrangements. It is reported that no inquest will be necessary.

Second Open Air Service is Held

Second open air service sponsored by the Interdenominational Young People's Union, was held on the grounds of the Legislative Building, Sunday evening with about 100 young people in attendance.

THE SERVICE was conducted by Erol Gahan, and Malcolm McLean, student minister of Westminster Presbyterian Church was guest speaker.

Mr. McLean spoke of the many "scarecrows" obstructing the way for Christians. He pointed out that where there's a scarecrow there's sure to be something worth while gained. He urged his listeners to take these scarecrows or difficulties in their stride, and instead of using them for excuses, apply them to the furthering of Christian work.

MUSIC was supplied by the Salvation Army band, and a special selection given by a trio from the First Church of the Nazarene. Also assisting in the service were Miss Edna Thomson and Bob Gail.

New Tram Records Are Set Fair Week

Patronage on Edmonton's transportation system during the summer fair week created two records an all-time record for passengers in any fair week, and also an all-time high for traffic on any one day. It was disclosed Tuesday by Thomas Ferrier, superintendent.

DURING THE 1946-Fair week a total of 857,525 passengers were carried on the system compared with 742,740 during the fair week last year, an increase of 115,785. The 1945 figure was the previous high for any fair week.

On Tuesday, Veterans' Day, a total of 154,081 passengers were carried on the system, an all-time one-day record.

The daily totals carried during the 1946 fair week were: Sunday, 120,013; Monday, 120,013; Tuesday, 154,081; Wednesday, 144,514; Thursday, 132,422; Friday, 136,106; and Saturday, 137,075.

LAST YEAR DURING fair week the daily totals were: Sunday, 66,728; Monday, 104,816; Tuesday, 104,728; Wednesday, 114,748; Thursday, 123,701; Friday, 106,665; and Saturday, 121,485.

Wednesday, Citizen's Day, this year was approximately 200 below the number of passengers on the corresponding day of the 1945 fair. This was due to the extremely heavy rain during the evening on Citizen's Day this year which stopped large numbers of persons from attending the fair.

Eastern Ontario To Get Alta. Coal

Five caterpillar bulldozers and crews of the Universal Transport Company of Edmonton are working 24 hours a day to shear half million cubic yards from a strip Tuesday from C.T. Jones, president of the contracting company.

MR. JONES said the mining company for which he contracted in the shearing project intends to ship the bulk of the coal to East-shore this coming winter.

ern Ontario and that it would total 100,000 tons, most of which would be absorbed by Toronto.

Of the half million cubic yards needed to produce the tonnage 150,000 has already been sheared from the surface mine, Mr. Jones said.

It was recalled that the mayor of Toronto recently communicated with Premier Ernest Manning on the subject of coal supplies for Canada's second largest city, and expressed concern over a possible shift the bulk of the coal to East-shore this coming winter.
